M SERIES PROJECTORS

SANYO's M series consists of 5 models covering XGA, WXGA and WUXGA resolutions and incorporate a range of features for easy installation and operation. 5 optional lenses are available covering throw ratios of 0.8:1 up to a maximum 7.36:1.

Lenses are centre mounted and include powered zoom and focus plus horizontal and vertical lens shift. Units offer Digital and Analogue input as well as RS232 and network control. An Auto Maintenance Filter provides extended maintenance intervals. Low fan noise and white cabinet make the unit as unobtrusive as possible for the end user.

THE FOLLOWING PROJECTORS ARE FEATURED IN THIS PROMOTION:

- PLC-WM4500L • PLC-XM100L • PLC-WM5500L • PLC-XM150L • PLC-ZM5000L
